WORDS FROM THE SHOP

My name is Kevin Anderson, and I'm your new Head Golf Professional. Each month, I'll be sharing a newsletter with updates on upcoming events, course conditions, and everything happening around the golf course.

I'd like to start this first newsletter by sharing a little background about myself. I've been in the golf industry since 2009 and became a PGA Professional in 2017.

Over the years, I've worked at Apple Tree Golf Course in Yakima, WA, Riverview Golf and Country Club in Redding, CA, and most recently at Tetherow Golf Club in Bend, OR. During that time, I've held positions as both Assistant Golf Professional and Head Golf Professional.

In my spare time, I enjoy spending time with my wife, Chanda, and our dog, Jaxson. We love being outdoors—golfing, fishing, hunting, skiing—and spending time with family and friends. We also enjoy going to sporting events and concerts, and we're both excited to become part of the Redmond Ridge community.

We will have our annual Holiday Sale December 1st through the 5th. During the week we will have everything on sale with our final day on Friday having additional drawings, along with complimentary appetizers, beer, and wine. Thank you all for your continued support in Redmond Ridge and we look forward to seeing you soon.

Kevin Anderson
Head Golf Professional

SAY HELLO TO BRANDT!

Brandt began his hospitality career at Earl's Kitchen + Bar in Bellevue, Washington, where he got his start as a Food Expediter. His dedication, strong work ethic, and passion for creating exceptional guest experiences quickly set him apart. Eager to grow within the industry, he transitioned to the Front of House team—first as a Barback, then progressing through leadership roles to become Assistant General Manager.

Seeking to broaden his expertise, Brandt joined the Golf Club at Newcastle as the Assistant Food & Beverage Manager, where he spent four years honing his leadership skills, managing large-scale operations, and elevating service standards. His commitment to excellence and team development led to his current role as the Food & Beverage Manager for the Golf Club at Redmond Ridge, where he continues to drive operational success and foster a culture of hospitality.

Outside of work, Brandt enjoys spending quality time with his wife and their one-year-old daughter, embracing every moment of family life.

Brandt Graybeal
Food & Beverage Manager

KEEPER OF THE GREENS

The turf team has completed aeration and now we move on to course cleanup. As we work through November, we will continue to work on some fairway renewal until we start to consistently freeze overnight. As we get cleaned up and into the freeze, we will begin working on the flyovers at holes 8, 13, and 14. Thank you for coming out and enjoying the course.

“If your playing partner can’t remember if they got a 6 or 7 on the previous hole, chances are they had an 8.”

Ariel Richmond
Superintendent
